

Village Volunteers Programme (VVP)

The Soul of India lives in its villages, where you can experience and share life in its fullest meaning – a once in a lifetime experience. Here is a unique opportunity to live and work along with the local rural community.

About 69 per cent of the Indian population live in villages. Village development faces multiple challenges and poverty is a hard reality, much more than just a *state of mind*.

Prime Minister Narendra Modi has announced a visionary scheme for the village development: Sansad Adarsh Gram Yojana (Parliamentarian's Model Village Scheme), which envisages bringing MPs across political parties to all-round development intervention programmes in villages and turning them into model villages. Under the SAGY (Sansad Adarsh Gram Yojana), each MP has to make one village of his/her constituency a Model Village by 2016 and two more villages by 2019. This scheme aims to lead and empower the local community to make their development choices and provide them with enabling opportunities to attain the growth.

WE HAVE THE CAUSE, YOU HAVE THE EFFECT

We, invite you to avail this unique opportunity to live and work in a village and share your knowledge, skill, information, folk-music and stories. Committed, dynamic and talented youth and professionals now have an opportunity to work with an MP in his/her constituency to make the model and ideal village.

WORK WITH MPs AND MAKE A DIFFERENCE

CLRA provides this opportunity to students and professionals from India and across the world to be a part of grassroots change.
